## Geography for times in disarray

Dvůr Perlová voda, Kostelec nad Ohří, Czechia, June 1<sup>st</sup> – 3<sup>rd</sup>, 2022

### 13<sup>th</sup> CZECH-POLISH-SLOVAK SEMINARIUM

Geography for times in disarray

The regular Czech-Polish-Slovak seminarium, whose tradition began in the 1960s and was renewed at two-year intervals in the 1990s, was to take place in June 2021. The pandemic situation did not favour this professional and friendly meeting of Czech, Polish and Slovak geographers, but we firmly hope that the year 2022 will be more favourable and that on 1-3 June 2022 we will be able to discuss the topic "Geography for times in disarray" in large numbers in the hospitable premises of the Dvůr Perlová voda in the valley of the Ohře River within sight of the Czech Central Highlands.
